

# Somebody's Gonna Love You

Matt Wertz

Everybody is digging for gold  
Looking for shine in somebody's eyes  
I thought I saw a shimmer in yours  
So I pulled you in close, held on tight  
Sometimes you want someone so bad  
You tell yourself lies  
Hope they'll come true  
If love is a thing you can have  
I never knew how to give it to you

I know there's someone out there for me  
Somebody's gonna love you right  
But right now it's just you and me  
Trying to say goodbye

Nobody said it was easy  
To find yourself a love that's true  
I learned that the hard way  
Trying to be that man for you

I know there's someone out there for me  
Somebody's gonna love you right  
But right now it's just you and me  
Trying to say goodbye

So let go  
Time knows something we don't  
Time knows something we don't

There's someone out there for me  
Somebody's gonna love you right  
But right now it's just you and me  
Trying to say goodbye

Goodbye goodbye  
Somebody's gonna love you
