

## The Way I Feel

**Matt Wertz**

I could talk until my face turns blue  
Goin' on bout what I wanna do with you  
I'm so tired of being alone, yeah  
Say this happens nearly everyday  
But not to me and that is why I wanna say

CHORUS:

I can't help the way I feel about you now  
Everything inside of me is singin out  
What would happen if I came real clean  
When every girl before has fled the scene  
I guess we'll wait and see
