

# And The Beat Goes On

Matt White

Bust it  
I don't wanna waste your time  
Spending all of my life  
Thinking where we're going to be this time tomorrow  
If it's the way that I talk or those things that you bought  
Please don't tell me that you've changed with all your crying  
You waste your time spending all of my dough  
If it don't stop I just won't take anymore

And the beat goes on  
I said all night  
Your favorite song  
And the beat goes on  
Treat me right  
It won't be long

Is it the problems we had  
Mine knows my mom and my dad  
I would tell you that I changed although I'm lying  
What makes you happy you see is when it's you and its me  
No one bothers us with any of their problems  
You base your fashion on those glossy magazines  
And look for people just to be seen

And the beat goes on  
I said all night  
Your favorite song  
And the beat goes on  
Just treat it right  
It won't be long

You think that I don't know the deal  
I've seen you around the city swinging  
Those hipsters that you're always with  
From SOHO down to the village

And the beat goes on  
I said all night  
Your favorite song  
And the beat goes on  
If you treat me right  
It won't be long  
And the beat goes on  
I said all night  
Your favorite song  
And the beat goes on
