

Makes Me Happy

Matt White

It's the morning
The white light hits your face
Your head upon that pillow
I let you radiate
You spend all day
Twisted up in sheets
One of those days
One of those moments
You just, make me happy

It's amazing the happiness you bring no, no
I never had no cold night with you here next to me
So we, we take our time
Living it up loving life
So why
It's one of those days
One of those moments
You make me happy

I need your lovin
And your kisses too
Make that stomach
Do that butterfly thing
Don't you feel the same?
Tell me love
Tell me love
Do I
Do I make you happy?

Oooooo, Oooooo
Oh you inspire me
Never needed love
No, no not me
Tell me love
Do I, do I
Do I inspire you?
Never need a no, no, no
Not you
Tell me love
Do I
Do I make you happy?

Cause I'm a lucky man
For all the love
I never had to have
No competition, no good advice
Just some undercover lovin
Till we get it right
Said "Hey what about that shake"
Will you rattle and roll like you did before?
Here's to making up the rhythm as you go?
Here's to making up
Here's to making love
It's making me happy

Oooooo, Oooooo
Ooo You inspire me

Never need another love
No not me
Tell me love
Do I, do I
Do I inspire you?
Never need a no, no, no
Not you
Tell me love
Do I
Do I make you happy?

Cause I'm startin to flame and no one can tame it
Cause you make me happy
I wanna go home with you
So we can, so we can get happy
Never need no reason to come to you
Cause you make me happy
Oooo what about you

Oooooo, Oooooo
Ooo You inspire me
Never need another love
No not me
Tell me love
Do I, do I
Do I inspire you?
Never need a no, no, no
Not you
Tell me love
Do I
Do I
Do I inspire you?
Never need a no, no, no
Not you
Tell me love
Do I
Do I
Do I inspire you?
Never need a no, no, no
Not you
Tell me love
Do I
Do I make you happy?
Do I make you happy?
Cause you make me happy
Do I make you happy?
Cause you make me happy
