

She's On Fire

Matt White

The morning it comes, all night long
I see the next one goin', over my throne
It's on, come undone

It's my first time baby, so take it slow
Don't get me on overload again
You see that's a thrill

And I know that you can't, take it no more, yeah
And when my necks explodes, yeah, she's on fire

All night long, been waitin' here
For you to get home from, wherever you gone to again
I said it says

Come back baby come back real fast
It is my first time goin' on this pass, again
I realize it's a sin

So don't look at me baby, nice and slow
Cause when my head gets burnin', it's on overload, yeah
And I know that you don't, wanna know
And when my head gets goin', she's on fire

Fire, fire
She's on fire, fire
Can you get higher? Ohh
She's on fire

Baby take your time, she's on fire
And when I need, to know, she's on fire
And when I need to know, yeah, she's on fire
She's on fire, she's on fire, she's on fire
