Teacher teacher teach me a song
And I'll play it all night long
And when my mind was ill I took a little something a little pil
l

And I dreamed in colors of blue jeans downtown burning like the
fourth of July I
Know that something is brewing I don't know why I can't see it
tonight

It's alright it's alright you and I will always be
Don't be shy don't be shy cause you're my fantasy

Preacher preacher sing me a hymn and I promise to never sin
Bad thoughts coming through my head
I'm seeing different colors like purple and red
I feel like something is brewing down on the corner between sun
set and vine
I know that something is going
I don't know why
I don't see eye to eye

It's alright its alright you and I will always be
Don't be shy don't be shy cause you're my fantasy
It's alright
It's alright
You and I will always be
Don't be shy don't be shy you belong with me

If you're leaving I'll let you go
How you feeling
Don't let me know
Just leave it alone

It's alright it's alright you and I will always be
Don't be shy don't be shy cause you're my fantasy
It's alright it's alright you and I will always be
Don't be shy don't be shy you and I will always be
It's alright it's alright it's alright it's alright
You belong with me
It's alright it's alright it's alright it's alright
You and I will always be
