

## Alabama Motel Room

Matthew Good Band

What is life if not a joke  
one night she went out for smokes  
and they took her apart like a ragdoll  
in the back of a van  
in an Alabama motel room  
I have one of them tied up in the bathroom  
I am down and out  
but he will not get away with it again

When the night comes in  
I hope I'm out of the rain  
When the night comes in  
she makes me whole again

I never sleep, I just watch TV  
and the gun it lies next to me  
whispering  
in an Alabama motel room  
I reflect on her sweet perfume  
I am down and out  
but they will not get away with it again

Say you love me  
we will never get the chance again
