

# Bright End Of Nowhere

Matthew Good Band

Here's the bright end of nowhere  
Here's the results of all our days  
Used to lay on the roof and drink beer  
And try and count up all the ways  
That you could waste away  
Looking back it seemed so simple  
But having done it I couldn't say

The lights are out baby  
And I'm a mouse  
The lights are out  
Baby so hear me out  
The lights are out baby  
And I'm a mouse

So here's the bright end of nowhere  
Here's the commercial of all our days  
Go on vacations and drink beer  
And try and forget all the ways  
We let ourselves get away  
Looking back it seemed so simple  
But having done it  
It's not the same

The lights are out baby  
And I'm a mouse  
The lights are out  
Baby so hear me out  
The lights are out baby  
And I'm a mouse
