

Hopeless

Matthew Good Band

Lost out on this highway
These high beams, they are blinding me
Because I would be there if I was a better man

Even at the end of your driveway
I still feel too far away
Because I would be there if I was a better man

'Cause I'm hopeless
But I don't know it
I would I suppose if I was a better man

By midnight I'll be there
But I still think you are an amateur

'Cause I'm hopeless
But I don't know it
I would I suppose if I was a better man

Lost out on this highway
The passing cars, they blind me
Because I would be there if I was a better man

Even at the end of the hallway
I still feel so far away
Because I would be there if I was a better man

'Cause I'm hopeless
But I don't know it
I would I suppose if I was a better man

I'm hopeless
But I don't know it
I would I suppose if I was a better man
I would I suppose if I was a better man
I would I suppose if I was a better man
