## **I Miss New Wave**

## **Matthew Good Band**

Gonna fly to Hawaii
Get laid in a lawn chair
Drown in a bath tub
Fill it with cheap beer
I miss new wave
And movies about losing
Or just the parts where it's okay
See baby I got something right

When the world is screaming I miss new wave
And real intent

Gonna drive to L.A.

Get laid at the Rose Bowl

Drown in a hot tub

Fill it with models

I miss new wave

And hearing the scratches on my long-plays

Or just the parts that sound okay

See baby I got something right

When the world is screaming I miss new wave
And real intent

Gonna die in Coquitlam
Get laid by a golf course
That I never went to
Well it's not a real sport
And I'll miss new wave
And watching you walk away
So go on, it's okay
See baby I got something right
See baby I got one thing right
