

Invasion 1

Matthew Good Band

We wore pink in the 80s
What were we thinking
I got a brain cloud from the black light in your room
built to be seen just crazy
It just made us jumpy
When we should have been smooth

How do they save you from yourself
How do they save you from yourself
How will she save me from myself

I know just what you mean
Who will spearhead the invasion
I know just how you feel
Who will spearhead

Dropped off the face of the earth
Bobby is my hero for that
Down a hole with the Grinch's antler dog
And Yukon Cornelius
When I'm sober I need this

I know just what you mean
Who will spearhead the invasion
I know just how you feel
Who will spearhead

All right
I know just what you mean to me
Who will spearhead the invasion
I know just how you feel
I feel, I feel
