

# My Life As A Circus Clown

Matthew Good Band

The lights go down  
the knife man sleeps  
and I wonder where you are  
trapped inside a burning mini  
and I wonder where you are  
you never used a safety net  
I never thought that far ahead  
I wonder if you think of me  
while I wonder where you are

This time I lose but  
I know one day  
I'll win  
one day I'll win  
this time I lose but I know  
one day  
I'll win  
one day I'll win

The new girl does your show at eight  
and I wonder where you are  
the human cannon hesitates  
and I wonder where you are  
if you can make me disappear a little  
can you make me disappear a lot  
well I wonder if you think of me  
while I wonder if you're not

This time I lose but  
I know one day  
I'll win  
one day I'll win  
this time I lose but I know  
one day  
I'll win  
one day I'll win  
I will

The lights go down  
the knife man dreams  
of missing  
of missing  
of missing
