She's Got A New Disguise

Matthew Good Band

Suffocate for me
well you can pretend that you're pretty
it's too loud in here for me to tell
I wonder when you move
do you look to see who's watching you
locked in the groove, little bird
what will it cost to buy you back
to buy your eyes, to buy your smile
well she wants to be the same
she wants a new name
she wants a new disquise

And all I want is you all I want's the truth she's got a new disguise pull the shade and lock the door you don't need it anymore she's got a new disguise

suffocate for me, little bird mirrors over your bed god lives above your head, little bird well I remember everything you say everything you do, everything you always wanted breathe for me, little bird

where is the face that you know
