

# Whispering In The Dark

Matthew Good Band

Morning light paces the fog and  
Cuts through my window like laughter into sorrow  
Makes the movement and stir into the day  
This is nothing more than just tomorrow  
It's still here it didn't go away  
But I guess that it's okay  
Cause I can wait a little while longer  
Been talking all my life  
Dancing in the dark with lot's wife  
You know that thorn in your side can always make you stronger

It's no use  
We have no excuse for turning fear into laughter  
This is the end in my soul I will send  
Maybe I'll see you in the ever after  
This mind is dangerous and  
Gives strength to the fury of these hands that mark  
The truth and pain  
This is a song in vain  
So I will make my stand whispering in the dark

Would you believe me if I told you that the stories were true  
Would you believe me if I told you that the whole world was blue  
Would you believe me if I told you that I was wrong  
Would you believe me if I told you this was a song about love  
Just a little crazy song about love

When you are alone in your room you can think of me and I will think of you  
And somehow we will all be remembered  
Maybe you can think about all the times you said the word 'never'  
You can feel it in the wind  
You can feel me coming down over the mountain  
And I will get and put this one away  
I will put this one away

Standing on the curb  
Rain running down his jacket  
Humming softly to the beating of the drum inside his chest  
A contradicting fool  
A trick he learned in high school  
He always hurts the ones he loves the best  
And I have been told that every day in the sun is a good day  
And I will put this one away  
I will put this one away  
I'm gonna put this one away

Would you believe me if I told you that the stories were true  
Would you believe me if I told you that the whole world was feeling blue  
Would you believe me if I told you that I was wrong, I was wrong  
Would you believe me if I told you this was a song about love  
Another song about, just another song about love

Just another song about love

Let it run

One last dance

She wouldn't give me one last dance  
One last dance

One last dance

It's alright yeah it's alright

It's alright, it's alright

Let's take it home
