

## Pledge Of Allegiance

Matthew Good

This is a commercial for my army and my navy  
This is a rehearsal for all the empty promises I will be  
And I won't let you down  
Done letting you down

This is a commercial for freedom while freedom is in hades  
This is a rehearsal of incoherent double talk and maybes  
And it won't let you down  
Done letting you down

It's okay to be their disappointment baby  
It's okay to fly the flag  
It's okay to be my disappointment baby  
It's okay to fly the flag

This is a commercial for my army and my navy  
This is a rehearsal for all the empty promises I will be  
And I won't let you down  
Done letting you down
