

First In Line

Matthew Mayfield

I'll run my fingers through your hair tonight
There's no one else
I'm sure of this
I need you now

I'll give you all of me
I'll make you mine
If you'll take me and make me
Your first in line
Oh

I've made my home
In your heart and your mind
You laid your hands on my chest
And you pointed home

I'll give you all of me
I'll make you mine
If you'll take me and you'll make me
Your first in line
Oh

I've seen you
I've kissed you
Two hours
I've missed you
I'll take it
I'll make it
I'll give you all

I'll give you all of me
I'll make you mine
If you'll take me and you'll make me
Your first in line
