

Safe & Sound

Matthew Mayfield

I hear you breathing
Your heartbeat small, but strong
A child like summer
With eyes like skies of fall

And heavy is the heartache
When you're never around
Wherever your sweet heart is,
I hope it's safe and sound
I hope you're safe and sound

Sweet, your mother
She holds you soft and warm
A train's coming
You always heard the horn
I miss your hands on my face
As I rock you up and down
Wherever your sweet heart is
I hope it's safe and sound
I hope you're safe and sound

Go to sleep tonight
Go to sleep tonight
Go to sleep tonight, sweet milly girl
Go to sleep tonight
Go to sleep tonight, sweet milly girl
Sweet milly girl
Sweet milly girl
