

Meghan's Song

Matthew Perryman Jones

Baby sleep in peace tonight
Angels bend to watch the sight
And may your dreams be sweet tonight
Dance the sky in sweet delight

And know I love you
I always will
It's my favorite story
I have to tell

And Baby, let's go far away
See this world that God has made
And know our hearts are in his hand
This lovely one who counts the sands

And know I love you
I always will
It's my favorite story
I have to tell
