

# Out Of The Shadows

Matthew Perryman Jones

I can't sleep in this room  
Still so far from finding you  
I can't see, I dig beneath  
The piles of dirt they cover me

Don't let go  
Don't let go  
We can crawl out out of the shadows  
Don't let go  
Don't let go  
We can find our way back home

Silence keeps our story straight  
Fighting for a perfect stake  
Wave your flag or I believe  
Hope is comfort if not relief

Don't let go  
Don't let go  
We can crawl out out of the shadows  
Don't let go  
Don't let go  
We can find our way back...

And there's a heart that still can beat  
Of every breath that's inside me  
And find the spark that's buried deep  
And won't go out, so please...

Don't let go  
Don't let go  
We can crawl out out of the shadows  
Don't let go  
Don't let go  
We can find our way back home
