

Rain Or Shine

Matthew Perryman Jones

Look me in the eyes
Tell me you don't feel a thing
Look me in the eyes
Tell me you don't feel a thing
I'm laying out my heart
and giving you everything

If it all goes wrong
are you just gonna walk away
If it all goes wrong
are you just gonna walk away
Well, get it out now
and say what you need to say

I'm gonna love you
baby, come rain or shine
I'm gonna love you
baby, come rain or shine
No one can love you
love you as good as I

I made up my mind
I refuse to let you go
I made up my mind
I refuse to let you go
lay it all on the line
this time we can take it slow

I'm gonna love you
baby, come rain or shine
I'm gonna love you
baby, come rain or shine
No one can love you
love you as good as I

Let's live it like we're not afraid
Like it's never gonna fade away
Don't treat it like another day
Let's live it like we're not afraid
