Save You

Matthew Perryman Jones

```
I wanna rock-n-roll
I wanna give my soul
I'm wanting to belielve
I'm not too old
Don't want to make it up
Don't want to let you down
I want to fly away
But i'm stuck on the ground

So, help me decide
Help me to make up
Make up my mind
Wouldn't that save you
Wouldn't that save you
Wouldn't that save you

Watched it all go by
Was it really true
Is that what it was?
Was that really you?

I'm looking back again
Tracing back the threads
You said i was a mess
Or was it just in my head

So, help me decide
Help me to make up
Make up my mind
Wouldn't that save you
Wouldn't that save you
Wouldn't that save you
 (2x)

Something's gotta break
You gotta swing the bat
Too many years of dying
Why is that?

So, help me decide
Help me to make up
Make up my mind
Wouldn't that save you
Wouldn't that save you
Wouldn't that save you
 (3x)
