

Misundercould

Matthew Ryan

You get one shot
To prove that you're not
Just another chump
That's been in a slump
Uh huh
Where you stand
Stood
I misundercould
Hell maybe i did
Maybe i should
Uh huh
I've been took
Shook
Deleted from the book
Hot on your trail
I swallowed the hook
Uh huh

It seems just last night we were higher than kites
And sure as rain we were burning so bright
It was giving me the chills; it was giving me the
chills
It was giving me the chills; it's still giving me the
chills

You get one shot
To prove that you're not
Just another chump
That's been in a slump
Uh huh
I've been took
Shook
Deleted from the book
Hot on your trail
I swallowed the hook
Uh huh
Where you stand
Stood
I misundercould
Maybe i did
Maybe i should
Uh huh
