

Does She Talk?

Matthew Sweet

She's just your size
She's sexy she's beautiful
Does she talk?
She's just your size
She's sexy she's beautiful
Does she talk?
'Cause man you can't teach
A slithering snake how to talk

Did she lick your palm
To tell you your fortune tonight?
Did she lick your palm
To tell you your fortune tonight?
You know sometimes it just isn't worth
Putting up a fight, is it?

Gonna need you a key
To open the door to her heart
Gonna need you a key
To open the door to her heart
Or are you afraid her body is
Missing that part?

Well I can you up the
You can me up the
Alright
Well I can you up the
You can me up the
Alright
Because they took channel 23
Off the air last night
Down home

You're gonna like it
