Faith In You

Matthew Sweet

I'm looking all around me And there's so much room to move But I don't believe in miracles Should I put my faith in you?

I lay down in the evening And I look up at the stars But I don't believe in miracles Should I put my faith in ours?

I wake up in the morning And I look up at the blue For something deep inside of me Should I put my faith in you? Should I put my faith in you?

What do I have to believe in? Now that everything else was a lie Should I put my faith in you? Should I put my faith in you?

What do I have to believe in Now that everything else was a lie Should I put my faith in you? Should I put my faith in you?

I lay down in the evening And I look up at the stars But I don't believe in miracles Should I put my faith in ours?

I wake up in the morning And I look up at the blue For something deep inside of me Should I put my faith in you? Should I put my faith in you?

Should I put my faith in you? Should I put my faith in you? Should I put my faith in you?
