Make Believe

Matthew Sweet

Everything is perfect in a way But not today What could tomorrow bring?

Even when I beg you Will you please be good to me? You're running free Just make believe you love me And I'll try harder than before 'Cause it's a real love That keeps us coming back for more

(If anything) Anything I question can be used Against my will And it will be 'til you

Understand the question is A cup that cannot be filled By what you feel I'll make believe I love you And I'll try harder than before 'Cause it's a real love That keeps us coming back for more

Just make believe you love me And I'll try harder than before 'Cause it's a real love That keeps us coming back for more
