

# The End

Matthew West

Well, it was raining when I woke up this morning  
So, to escape it I went back to bed  
But then the rain started leaking through the ceiling  
And pretty soon it was pouring on my head  
Sometimes it follows you home  
Like an old stray dog, it won't leave you alone

Well, it's not the end  
The end of the world  
It's just another day depending on grace  
Oh, it's not the end  
The end of the world  
It's just another day, don't sleep it all away  
No no no

So, I jumped into my car and hit the freeway  
Found a sunny spot so I could work on my tan, yeah  
But just as soon as I stepped one foot in the ocean  
From out of nowhere it came pouring down again  
Sometimes it rains all over your parade  
It's like you're reaching for the sun, and you're landing in the shade

But it's not the end  
The end of the world  
It's just another day depending on grace  
No, it's not the end  
The end of the world  
It's just another day, don't sleep it all away  
No no no  
Yeah

Well, the moral of the story is  
You know sometimes life takes so much more than it gives  
But the one who makes the air I breathe  
Is the one who'll fix the ceiling when it starts to leak  
It may look like the end but it's only the beginning

It's not the end of the world  
It's just another day depending on grace  
It's not the end  
The end of the world  
It's just another day, don't sleep it all away

'Cause it's not the end  
It's not the end of the world  
It's just another day  
It's not the end  
It's not the end of the world  
No

It's not the end  
It's not the end  
Still not the end  
It's not the end

I bet you're wondering when this song's gonna end  
But it's not the end

'Cause I'm singing this song and I get to decide when it's the end  
And it's not the end  
Well, it's almost the end  
I guess you could say it's nearing the end

But it's not the end  
It's not the end  
It's not the end  
It's almost the end  
Okay, I think it's the end
