

By My Side

Matty Mullins

We take long drives,
No destination in mind.
And I don't care where we're going
As long as you're by my side.

[Chorus]

Right by my side, it's so right.
I found the missing piece to my puzzle,
The first time I saw those dark brown eyes.
Now everything I dream of - you bring to life.
Oh, I (I),
I am yours and you are mine.

You complete me, I'm completely satisfied (satisfied)
As long as you're by my side.
The way you make me feel is so hard to describe,
It's like I'm living in a picture perfect romance
Everytime your lips touch mine.

And it blows my mind that even after all these years
I still feel like I can take on the world,
When I wake up with you by my side.

[Chorus]

Right by my side, it's so right.
I found the missing piece to my puzzle,
The first time I saw those dark brown eyes.
Now everything I dream of - you bring to life (you bring to life).
For the rest of time, I am yours and you are mine.

I'll give you everything I am (everything I am)
Until death do us part, you're my best friend (my best friend).
I'll give you everything that I am
Until death do us part and we meet in heaven again.

[Chorus]

Right by my side, it's so right (it's so right).
I found the missing piece to my puzzle (to my puzzle),
The first time I saw those dark brown eyes.
Now everything I dream of - you bring to life.
Oh, I (I),
I am yours and you are mine.

Right by my side, it's so right (it's so right).
I found the missing piece to my puzzle,
The first time I saw those dark brown eyes.
Now everything I dream of - you bring to life (you bring to life).
For the rest of time, I am yours and you are mine.
