

# More Of You

Matty Mullins

I'm living proof that my best isn't good enough.  
So wrapped up in myself,  
I get caught up in all the storms that I go through.  
But instead of giving up I'm gonna give it up to you!

[Chorus]

Just show me where to go (just show me where to go).  
I'm giving you control.  
I'll follow where you lead (I'll follow where you lead).  
I'm loving you, 'cause you first loved me.

I have to step back and check my priorities.  
Sometimes I hold on to this life I need to lose  
When I take my eyes off of you (eyes off of you).  
I'm not sure I'll get it right,  
But I know you love me despite my tendency to lose.  
I know I'm not enough and that's more than enough for you!

[Chorus]

Just show me where to go (just show me where to go),  
I'm giving you control.  
I'll follow where you lead (I'll follow where you lead).  
I'm loving you, 'cause you first loved me.  
On my knees I'm crying out for more of you (just show me where to go)  
and less of me.  
This is how it's supposed to be and now I see it all so clearly.  
I'm chasing after your heart with the desire to be more like you are  
(be more like you are).

Give me the life that you want!  
When we meet face to face,  
I just want to hear you say my name and run into your arms (run into  
your arms).  
Show me the way to your heart!

[Chorus]

Just show me where to go (just show me where to go),  
I'm giving you control.  
I'll follow where you lead (I'll follow where you lead).  
I'm loving you, 'cause you first loved me.  
On my knees I'm crying out for more of you (just show me where to go)  
and less of me.  
This is how it's supposed to be and now I see it all so clearly.

Just show me where to go (just show me where to go),  
I'm giving you control.  
I'll follow where you lead (I'll follow where you lead).  
I'm loving you, 'cause you first loved me.  
On my knees I'm crying out for more of you (just show me where to go)  
and less of me.  
This is how it's supposed to be and now...
