

Eve

Maude

I make faces to make you laugh, I'm your clown.
Watch all you want. I talk about you.
They all listen to me like winning wars,
As told by old men.

I'll never get used to celebrating you everyday.
I'll never get used to celebrating you everyday.

What must i wear everyday? You are like a costume party.
I'm glad to be Adam, if you are Eve.
Come out of that leaf, we got more apples to eat!

I'll never get used to celebrating you everyday.
I'll never get used to celebrating you everyday.

I've been here, one year now.
Been drinking, never yawning.
You know, you got a noisy crowd.

Can i talk to you in private now?
Can i talk to you in private now?
Can i talk to you in private now?
Can i talk to you in private now?

I swear i'll know if it's time to ninja out.
I swear i'll know if it's time to ninja away!

But i'll never get used to celebrating you everyday.
I'll never get used to celebrating you everyday.

No, no, no.
I'll never get used to celebrating you everyday. (if you are Eve)
I'll never get used to celebrating you everyday.
