

Smoke

Maude

You inhale greed everyday,
You inhale clean greed everyday.

Oh, ask the smoke how to
Break free from its own fire.
You got a soul to feed.
I dare you to breathe like you should.

Why not try, try smoking love?
Why not try smoking love and pass it away?

Love and pass it away.
Love and pass it away.
Love and pass it away.
Love and pass it away.

Oh, ask the smoke how to
Break free from its own fire.
You got a soul to feed. Oh
I dare you to breathe like you should.

You inhale clean greed everyday.
Why not try smoking love and pass it away?
You inhale clean greed everyday.
Why not try smoking love and pass it away?

Love and pass it away.
Love and pass it away.
Love and pass it away.
Love and pass it away.

Oh, ask the smoke how to
Break free from its own fire.
You got a soul to feed. Oh
I dare you to breathe like you should.

I dare you to breathe like you should.
