

# Very Special Love

Maureen McGovern

I never believed in love  
I was deceived by love  
I never had much luck  
With lovers before

I couldn't compete  
I seemed just part of the street  
To be walked on by  
Everyone but then

Then I found a very special love in you  
It's a feelin' that's so totally new  
Over and over  
It's burnin' inside

I found a very special love in you  
And it almost breaks me in two  
Squeezing me tighter  
But I'm never gonna let go

You're not like the rest  
I know, you're one of the best  
You give more than you should  
And take nothing in return

Stay always with me  
And I always will be  
The one person that you can count on  
Always to love you

And I found a very special love in you  
It's a feelin' that's so totally new  
Over and over  
It's burnin' inside

I found a very special love in you  
And it almost breaks me in two  
Squeezing me tighter  
But I'm never gonna let go,

But I found a very special love in you  
It's a feeling that's so totally new  
Over and over  
It's burnin' inside

Found a very special love in you  
It's a feeling that's so totally new  
Over and over  
It's burnin' inside

I found a very special love in you  
And it almost breaks me in two  
Squeezing me tighter  
But I'm never gonna let go
