Mavado

Them love to chat and mi start clap hand
When mi set clap mi hand talked and mi clap hand
Man hot with
The K with the light on the top and
Blindness I'm a ferniest
Hot like a lova, I'mma burn this
High like a kite where the bird is
Iron like lion was what ma words is
We're the best music, we the finest
All who fighting this know this
My hands in time bands in time with the music
Mi never grow old so mi never loose it
Mi style ain't fit like mi clothes fit
I'mma flow them sick, I'mma grow sick
They grow sick, them say
I'm the musical king with the most hits

Chorus:

Your nobody till somebody hills you!
I said you're nobody till somebody kills you
Till somebody kills you!

I see death round the corner
High speed catch mi if you can no
Some say life is a karma
Money change things yet the girl that yo wanna

Slippers made from iguana
Black president like Obama
Gots to win more so my campaign stronger
One step mi step on, when mi step on
When mi step everything.. set on
Build the music, architect
Tell the fools watch the words from them record!
It's ma heart work, I go hard
So you know a got ma go card
Yeah, life is a bitch, I'ma o have her a mi yard
