

Soulja Girl

Mavado

I'm singing for my soulja girl, she's always on my mind
She hold it down for me when I'm in jail doing time
Yes she's my soulja girl, she's my sunshine
Yeh she's always there for me in the cold place of times

See we've been through so many things that brings us close to death

I'm her romeo, she's my juliette
I... and cold there, she stay with me
Shoulder to shoulder, she's my queen, she's my lover
Without you in my life it's over

I'm singing for my soulja girl, she's always on my mind
She hold it down for me when I'm in jail doing time
Yes she's my soulja girl, she's my sunshine
Yeh she's always there for me in the cold place of times

Know your friends think... cause I nigga...
She, versus,... she's my girl she the one to play with
She rock my world she's the one I bust my k with
I promise you one day things will be better
I'ma stop go to jail even though I'ma get up
My time... I'm a train setter... listen to my love letter

I'm singing for my soulja girl, you know you holds my love
My love for one girl
I'm singing for my soulja girl, she's always on my mind
She hold it down for me when I'm in jail doing time
Yes she's my soulja girl, she's my sunshine
Yeh she's always there for me in the cold place of times

So I know you know you're my special lady
I know you know you're so divine
So I know you know you're my special lady
I know you know you're so divine

I'm singing for my soulja girl, she's always on my mind
She hold it down for me when I'm in jail doing time
Yes she's my soulja girl, she's my sunshine
Yeh she's always there for me in the cold place of times.
