

Running Away

Maverick Sabre

Ah ah ah ah

Lost in a grave, concrete tower block this rain don't seem to s
top

I'm trapped in these chains, stuck in queues for jobs I know th
at I ain't got,

No I pray for a change, but change don't seem to come

Now my faith don't feel enough no

Cause this can't be what I wanted

And I never thought this life would be like this

Running away, I need to escape I

Got to get away from here, got to get away...

Running away, I need to escape I

Got to get away from here, got to get away from here

None of my friends speak, say words don't mean a thing, they to
ld us not to dream

See behind that beat

Just won't stop teaching us that were not good enough no

We pray for a change, but change don't seem to come

And our faith don't feel enough no

Cos this can't be what I wanted

And i never thought this life would be like this

Running away, I need to escape I

Got to get away from here, got to get away...

Running away, I need to escape I

Got to get away from here, got to get away from here

You don't feel this pain

See the clouds cause you're so far away

Running away, I need to escape I

Got to get away from here, got to get away from here

Running away, I need to escape I

Got to get away from here, got to get away from here

Got to get away from here...

Got to get away from here...
