Mavis Staples

Oh

Who's gonna do it if I don't?

Sick and tired of feeling sick and tired

(This ain't heaven help us)

They say my words might get me fired

(This ain't heaven help us)

What a terrifying time to raise our voices

(This ain't heaven help us)

But see I'm not left with minimal choices

(This ain't heaven help us)

I gotta put it into

Action (action)

Action (action)

Doing it A to Z

Until I set myself free

Scared for my children, I'm scared for our children

I'm tired of being scared for the mothers and fathers and brothers and siste

ACT-ING
Gotta share the truth that's inside of me
This is an emergency
Of the highest and the fullest and the final degree
I'm still trying to be free
Don't let this separate you and me
Oh please
Who's gonna do it if I don't do it?
