

In Times Like These

Mavis Staples

In times like these
We need to be strong
We need to carry on
We need to get along hold on
And right what's wrong

In times like these
We need to find a way
To make a better day
Keep my feet on the ground turning 'round
Come what may

Everybody
Everybody needs someone they can lean on
Everybody needs to lean on someone
(Everybody) everybody
(Everybody) everybody needs someone they can lean on
Everybody needs to lean on someone now

In times like these
There's no one not to care, no
There's no one anywhere
Who doesn't feel it in their hearts
Gotta make a new start ya'll

In times like these
Let the world understand
Together hand in hand
Every woman child and man
United we stand

Everybody (everybody)
Everybody (everybody) needs someone they can lean on
Everybody needs to lean on someone
Everybody (everybody)
Everybody (everybody) needs someone they can lean on
Everybody needs to lean on someone

Everybody needs something
Everybody needs someone
Everybody has a friend of friend who knew a friend of a friend
who's got a friend of a friend
