

Everybody Watching Everybody

Max Romeo

I will never sell myself for vanity, baby
Because of a shameful society
I will not lose my cool or sanity, mama
Because of my calamity
Everybody blaming everybody
For everybody's faults, oh, is it so?
Everybody watching everybody
So nothing done, no, no, no
I will not victimize my poor suffering people, mama
Because of a shameful society
I will not pressurize my poor suffering people, baby
Because of my calamity
Everybody saying everybody
Is responsible for everybody's faults
Everybody watching everybody
So nothing done, no, no, no
Tomorrow is for the children
A burnt shell is afraid of fire
Satisfy my heart's desire, no?
Everybody watching everybody
So nothing done, no, no
Everybody blaming everybody
For everybody's mistake, no, no, it shouldn't be so
Yeah, yeah, yeah, oh no
Tomorrow is for the children
A burnt shell is afraid of fire
Satisfy my heart's desire, oh yeah
