

# Smile Out Of Style

Max Romeo

Don't blame the children  
Blame the teachers - they taught the children  
Smile out of style  
Laugh on the wars screw face back in town Smile out of style  
Laugh on the wars screw face back in town

Everyone's face you look on  
Wears a frown,  
And the feeling you get  
Puts you down.  
Cost of living is rising high while  
Poverty flowing.  
The rain is falling  
But no seeds are growing.

So, smile out of style  
Laugh on the wars screw face back in town  
Smile out of style  
Laugh on the wars screw face back in town

Wanti wanti  
Can't get it,  
Getti getti  
Dem no want it.

Havi havi no want it while  
Wanti wanti can't get it, so...

Smile out of style  
Laugh on the wars screw face back in town  
Smile out of style  
Laugh on the wars screw face back in town

Smile out of style  
Laugh on the wars, laugh on the wars  
Smile out of style  
Laugh on the wars, laugh on the wars. Yeah.

Smile out of style  
Laugh on the wars you face back in town... Don't blame the children  
Blame the teachers, for they teach the children.

Everyone's face you look on  
Wears a frown,  
And the feeling they give you  
Just puts you down.

Cost of living is rising high while  
Poverty flowing.  
The rain is falling  
But no seeds are growing.

So, smile out of style  
Laugh on the wars screw face back in town  
Smile out of style  
Laugh on the wars ...screw face back in town again

Smile out of style...

Watch yourself, mind what you say. Oh Yeah!

let me tell you, I wanna tell you that,

Smile out of style... Stop on the walk

Don't blame the children;

Blame the teachers - they taught the children.

Don't blame the children;

Blame the school-teachers - they taught the children.
