

Socialism Is Love

Max Romeo

You're asking, "What is Socialism, and what it really means?"
It's equal rights for every man, regardless of his strength
So don't let no one fool you, (Joshua said)
Listen as I tell you, (Joshua said)
No man are better than none,
Socialism is love between man and man

Socialism is love for your brothers,
Socialism is linking hearts and hands,
Would you believe me?
Poverty and hunger what we are fighting

Socialism is sharing with your sisters,
Socialism is people pulling together,
Would you believe me?
Love and togetherness, that's what it means

Mr Big trembling in his shoes saying he's got a lot to lose,
Don't want to hear about suffering at all
(Joshua said)
One man have too many, while too many have too little,
Socialism don't stand for that, don't stand for that at all

Socialism is love for your brothers,
Socialism is linking hearts and hands,
Poverty and hunger is what we are fighting

Socialism is sharing with your sisters,
Socialism is people pulling together,
Would you believe me?
Love and togetherness, that's what it means

Socialism is love for your brothers,
Socialism is linking hearts and hands,
Poverty and hunger is what we are fighting

Socialism is sharing with your sisters,
Do you believe me?
People pulling together
Ooooh
Love and togetherness, that's what it means

Socialism is love for your brothers,
Socialism is linking hearts and hands,
Poverty and hunger is what we are fighting

Socialism is sharing with your sisters,
Socialism is people pulling together,
Ooooh
