

# Gibberish

Max Schneider

I gave you all my lovin'  
Offers I had a dozen  
But I ain't gave em nothing  
Never do you like that

But then I caught you creepin'  
Secrets that you've been keepin'  
Like every other weekend  
Why you do me like that?

So now you say you take it all back  
Yeah that don't mean jack  
Cause I know the facts

I swear you must be smoking that crack  
I'm dippin so fast  
Yeah I don't need that

Now you're running your mouth  
But there's nothing that can slow me down  
You're messing around  
Got me thinking that it's time you go  
Ooh, ooh, ooh, ooh, ooh  
Cause I'm not listening, no  
Ooh, ooh, ooh, ooh, ooh

I see you move your lips but it sounds like gibberish

Ou shilibo shilibo naow middi middi [x2]  
(Gibberish)  
Ou shilibo shilibo naow middi middi [x2]

I don't need to recover  
Rising way up above ya  
Go run and tell your mother  
Why'd he do me like that

Good luck with all the others  
Don't care about the number  
You all deserve each other  
Why you do me like that

So now you say you take it all back  
Yeah that don't mean jack  
Cause I know the facts

I swear you must be smoking that crack  
I'm dippin so fast  
Yeah I don't need that

Now you're running your mouth  
But there's nothing that can slow me down  
You're messing around  
Got me thinking that it's time you go  
Ooh, ooh, ooh, ooh, ooh  
Cause I'm not listening, no  
Ooh, ooh, ooh, ooh, ooh

I see you move your lips but it sounds like gibberish

Ou shilibo shilibo naow middi middi [x2]  
(Gibberish)  
Ou shilibo shilibo naow middi middi  
Ou shilibo (hoodie) shilibo naow middi middi

[Hoodie Allen:]  
These girls like to talk  
Wait a minute I'm talking back (shh)  
Say that she wanted to love me forever  
But I was just trying to smash  
First date and I'm taking it back  
Bought herself a ring, I didn't take her to Jared's  
Russell Wilson and she'll be making a pass  
We just met, but I think she arranging a marriage  
Like, stop, just hold up  
Not the type to get hopes up  
I go hard like I'm suppose to  
But you back down like a post up  
Oh wait, is that my poster  
Album signed by yours truly  
I swear you said that you don't know me  
But girl it looks like you kinda knew me  
Oh shit, obsessed, but I'm already undressed  
Already got like 99 problems, and now your tryin to confess  
I did my best to move away  
But she follow me with that bouquet  
So I shaved my head, bought a toupee  
But she too smart like Lupe  
So now

Now you're running your mouth  
But there's nothing that can slow me down  
You're messing around  
Got me thinking that it's time you go  
Ooh, ooh, ooh, ooh, ooh  
Cause I'm not listening, no  
Ooh, ooh, ooh, ooh, ooh

I see you move your lips but it sounds like gibberish

Ou shilibo shilibo naow middi middi [x2]  
(Gibberish)  
Ou shilibo shilibo naow middi middi [x2]  
(Gibberish)  
Ou shilibo shilibo naow middi middi [x2]  
(Gibberish)  
Ou shilibo shilibo naow middi middi [x2]  
(But it sounds like gibberish)
