

What If

Max Schneider

What if I lied told
You pigs could fly,
Would you believe or
Would you laugh?

And what if I stared
Would you care, would
You ignore me or would
You star back, would
You stare back

I'm open to suggestions,
I'm open to the notion
That we could be...

I'm open to suggestions,
I'm open to the notion
That we could be something
Again

We used to dance all night
In June, but now our song
Is out of tune, what if we
Can do it all over, what if
We gave it another chance,
We gave it another chance

I'm open to suggestions,
I'm open to the notion
That we could be...

Woah, I'm open to suggestions,
I'm open to the notion that we
Could be something again

What if I lied?
What if I stared?
And, What if we danced?
Would you be there? 4x
