

# Look Out

Max Webster

(M--Mitchell; L--DuBois)

world sleeping on a bed of nails / world bleeding bleeding to be born

look out / look out has been called / look out has been called  
for me for you for all

some think / some drink to forget / it's the same withdraw  
to lock our dreams like doors

bleeding / bleeding to be born / it's a free for all  
of raps of maps of scores

emerge / emergency calls / emerge and see you

image man / bleeding bleeding to be born

world / feels like lions sleeping on a bed of nails

look out / look out has been called / look out has been called  
a voice you must outcry
