

Only Your Nose Knows

Max Webster

Only your nose knows
I've been fooling around
Tie me down, tie me down
Tie me down, see me with her

Pull them down tiger clown
Pull them down tiger clown
Pull them down tiger clown
Pull them down, pull them down

Only your feet know
I've been all over town
Only your ears know
I've made plans for tonight

Follow me, follow me
Follow me, see me with her

Yes, I've been seeing her
Yes, I've been digging her
Yes, I've been kissing her
Yes, I've been, yes, I've been

Pull them down tiger clown
Pull them down tiger clown
Pull them down
Pull them down

Only your eyes show
Your temper's on the fry
Only your nose knows
I've been fooling around
