

Paradise Skies

Max Webster

(Music--Kim Mitchell; Lyrics--Pye DuBois)

C--happiness is beginning to ride / from the streets into paradise skies

tonight inaugurates rock & roll wings

tonight bent to turn the world around / and we hover and we leave the ground

and the magic we need / frees the dancer we wanna be--C

tonight / rock & roll wings / there's no rumour of the road

no reason to explain

the action / tidal rock & wave / paradise skies reflecting in our eyes

and the magic we free is how pleasure moves / and grooves on...

...
