

Nothing Without Love

Max

We are nothing without it
We are nothing without it
We are nothing without love
Cause there's just something about it,
We can't live without it
We are nothing without love
Nothing without love
We are
We are

Stop. Let me tell you bout a time in my life when I was sitting out
Wishing that she was still around every night.
Thinking about you, call your phone
Never get a busy tone,
We could go somewhere alone
And it would be alright.

I could have everything that this world has to offer
But without you it wouldn't mean a thing.
I could have the riches baby on a silver platter
But I would trade it all for just one ring

Cause we are nothing without it
We are nothing without it
We are nothing without love.
There's just something about it,
We can't live without it
We are nothing without love.
Nothing without love

We are
Nothing without love
We are
Nothing without love

Let me tell you about a girl on replay in my mind everyday
Wish she would never go away, please stay.
Kissing you from head to toe, say I love you so you know
That I'll never I'll let you go,
I'll take the burn, to touch your flame

I could have everything that this world has to offer
But without you it wouldn't mean a thing.
I could have the riches baby on a silver platter
But I would trade it all for just one ring

Cause we are nothing without it
We are nothing without it
We are nothing without love.
There's just something about it,
We can't live without it
We are nothing without love.
Nothing without love

We are
Nothing without love
We are

Nothing without love

People we all take love for granted
We don't know what we got until it's gone
People we all take love for granted
We don't know what we got until it's gone

Cause we are nothing without it
We are nothing without it
We are nothing without love.
There's just something about it,
We can't live without it
We are nothing without love.
Nothing without love

We are
Nothing without love
We are
Nothing without love
We are
Nothing without love
