

Save Me

Maxeen

Sometimes I feel I'm the walking dead
I'm consuming but don't feel fed
Just a series of empty tragedies
I'm sick of thinking of tomorrow
And always having to beg or borrow
I need someone to put my mind at ease

Save me, won't you save me?
Cause I've never felt so strong
Like the way I feel with you
You could save me

If the moon didn't have the sun
She would never impress no one
She'd hang her head and sink into the sea
Sometimes I feel like it's just too much
So I reach out for the cure of your touch
I faint out, and my heart begins to beat

Save me, won't you save me?
Cause I've never felt so strong
Like the way I feel with you
You could save me

Save me, won't you save me?
Cause I've never felt so strong,
Like the way I feel with you
You could save me
Oh you could save me
Oh
