

# Take The Weight Off

Maxeen

Mommy it hurts  
Need you touch  
To take the weight off

Daddy i'm broke  
Need your funds  
To get me through this

I need a drink  
Maybe that'll  
Take the weight off

Doctor i'm sad  
Psych degree  
Can take the weight off

Love takes too long  
But the sex  
Will get me through this

Christ as a crutch  
Maybe that'll  
Take the weight off

Mommy i'm sad  
Need your touch to  
Take the weight off

Daddy i'm broke  
Need your funds  
Get me through this

Sis fucks in cars  
Thinks that'll  
Take the weight off

Brother is dead  
Cause he couldn't  
Take the weight off

You once shared your heart  
Thought the trust could  
Take the weight off

Time is so strong  
And the numbness  
Gets you through this

Six billion souls  
But no one to take the weight off
