Take The Weight Off

Maxeen

Mommy it hurts Need you touch To take the weight off

Daddy i'm broke
Need your funds
To get me through this

I need a drink
Maybe that'll
Take the weight off

Doctor i'm sad Psych degree Can take the weight off

Love takes too long
But the sex
Will get me through this

Christ as a crutch Maybe that'll Take the weight off

Mommy i'm sad Need your touch to Take the weight off

Daddy i'm broke Need your funds Get me through this

Sis fucks in cars Thinks that'll Take the weight off

Brother is dead Cause he couldn't Take the weight off

You once shared your heart Thought the trust could Take the weight off

Time is so strong And the numbness Gets you through this

Six billion souls
But no one to take the weight off
