

## Believe In Love

Maxi Priest

I've seen so many things throughout my life,  
the only thing I've ever seen survive the test of time;  
is the strength of your lovee...  
and then the right seems wrong,  
and the wrong seems right,  
just be careful..be strongg

Whatever my eyes can see,  
my heart can feel,  
that's why I believe in love,  
knowing my eyes can see,  
as sure as the deep blue see,  
that's why I believe in love

You best that ever lasting smile  
gotta give thanks for the way you've touched my life..  
with your lovee...  
and when the right seems wrong,  
and the wrong seems right,  
I'll be careful, I'll be strongg

whatever my eyes can see,  
my heart can feel,  
that's why I believe in love,  
knowing my eyes can see,  
as sure as the deep blue see,  
that's why I believe in love

In the moments when I'm alone,  
in the times when I'm not sure,  
I can always call on youu..

In the moments when I'm in ?  
When it seems like no ones there  
There's one thing I know is true  
I can always count on you..?
