## Won't Let It Slip Away

**Maxi Priest** 

Yeah, just making it with you, girl

Holding you tight, squeezing you right And I won't let it slip away When I feel the taste of your sweet embrace I couldn't let it slip away

I don't know how I got here But I'm in the place And the music's rocking in my soul No time to waste

The party is raging and I'm getting hot And until I get to know you, girl I'm not gonna stop

Dancing with you cheek to cheek And I feel your heat And the words you whisper in my ears They sound so sweet

Holding you tight, squeezing you right And I won't let it slip away When I feel the taste of your sweet embrace I couldn't let it slip away

Being here with you, girl, just takes me away To another place, another time Ooh, I love your way

The music is playing, we're rocking in time And you're really getting to me, girl You're blowing my mind

Holding you tight, squeezing you right And I won't let it slip away When I feel the taste of your sweet embrace I couldn't let it slip away

Holding you tight, squeezing you right And I won't let it slip away When I feel the taste of your sweet embrace I couldn't let it slip away

Holding you tight, squeezing you right And I won't let it slip away When I feel the taste of your sweet embrace I couldn't let it slip away
